Secure Workstation Specifications

Made in USA

DBS WORKSTATIONS & FILE SERVERS

DBS Secure Work Stations & Servers make excellent data processing stations

They are fast, compact, & lightweight. The aluminum powder coated chassis provides amazing heat transfer ventilation, designed for operating temperatures of only +10 degrees ambient. Adding 4-I/O Ports make these units the most versatile product of their kind and promise to provide many years of superior operation while backed by our 2-year product warranty plan.

All Systems Include our preloaded **Signature Series** software

Pentium Processors

DIMM Memory

ATX Power Supply

Built-in ATI Rage AGP 3D Video
